

Quality Policy Statement

AB Fruits Ltd at all times aims for the highest standards of food safety and quality.

AB Fruits Ltd is committed to satisfying our customers' needs and ensuring the storage and distribution of produce which is both safe, legal and of high quality.

In support of this policy the company have instituted a fully documented food safety and quality system in line with the requirements of the British Retail Consortium Global Standards for Storage and Distribution.

The quality management system sets out the responsibilities and procedures to meet safety, legislative, customer and internal requirements in relation to the packing, storage and distribution activities we carry out.

All employees of the company have a duty to carry out their work in accordance with this policy, their job descriptions and all relevant food safety legislation.
